

WHAT'S NEW

Fall 2009

The WOODWORKS® Family Grows!

armstrong.com/ultima

Health Zone™ Ultima®

Superior acoustical performance in a washable ceiling panel

- Meets USDA/FSIS guidelines for use in food processing areas
- Clean Rooms up to Class 5 (Class 100)
- Water-repellent paint is durable and acoustically transparent
- Excellent choice for speech privacy
- Easy to clean/safe for use with key disinfecting agents
- High recycled content (70-71%); 100% recyclable; no-added formaldehyde

armstrong.com/themes

Ultima® Themes™

No need to choose between acoustics & design with this ultimate combination

- Bloom, Dragonfly, Bubble and Star printed designs
- Use in a small or big way on new or existing Ultima projects
- 2' x 2' single panel designs and 4' x 4' multi-panel designs
- Soft, soothing visuals
- Excellent acoustics

armstrong.com/capz

Capz™ – now in Spectra™ Tech Black
Improve acoustics by about 50%* with only 20% coverage

- No other ceiling manufacturer offers Spectra's level of sound absorption in a dark color
- NRC 0.90
- 4' x 4' panel format; smooth textured visual; painted scrim
- Monolithic, grid-concealing visual
- Pre-drilled panels work with sleek Capz hardware in a choice of coordinating black caps or contrasting silver, white or custom RAL color caps

*details on the web
